Any Questions?

Do I need to pay a registration fee to join?

No, just call **01892 771332**. We'll do the rest and will arrange your first journey.

Can I feel confident going out with people I don't know?

Yes! All our passengers had to make their first journey once.

Our drivers, assistants, and passengers are all aware of how you're likely to feel, so our staff are trained to welcome you, and to help you to board and to travel in safety.

How reliable are the pick-up and drop-off times?

We know it's important not to keep our passengers waiting.

We're experienced at judging schedules and arranging a collection time. We only ask that our customers are ready when we arrive so that we can keep moving.
